

Hand Pallet Truck with Weighing Scale

Hand Pallet Truck with Weighing Scale also known as: weighing manual van, electronic weighing manual hydraulic handling car, belongs to manual handling car. The Hand Pallet Truck with Weighing Scale also known as heavy-duty handling. You can choose to display the Hand Pallet Truck with Weighing Scale of KG or LBS

1. Hand Pallet Truck with Weighing Scale

The Hand Pallet Truck with Weighing Scale has the latest instrument with an accuracy of 0.1%, minimum size 1kg. Mao weight, peeling, accumulation function, sealing requirements of Hand Pallet Truck with Weighing Scale and IP65 standards, easy to wash, low instrumental, paper lack of paper, low temperature alarm function. Hand Pallet Truck with Weighing Scale is suitable for use in warehouses, buildings, factories, etc., strong structures, oil-free, overload protection, uniform decrease, cost performance.

2. Hand Pallet Truck with Weighing Scale Specification

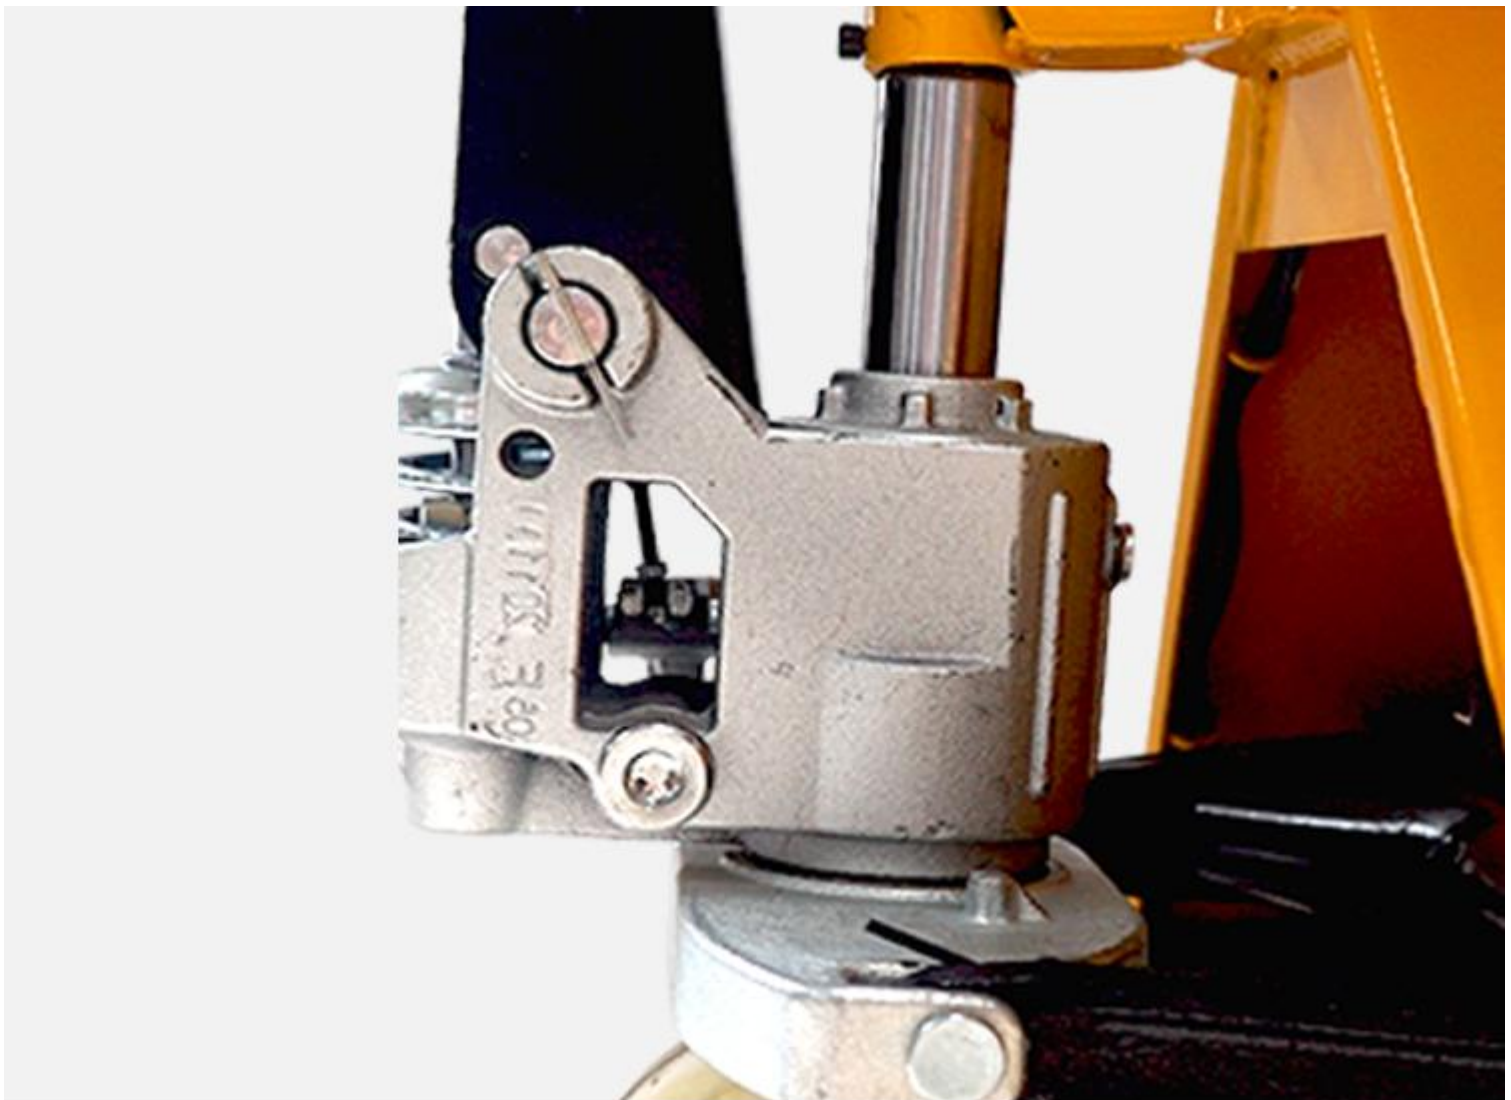

Model	LMA-C20	LMA-C25	LMA-J20	LMA-J25
Capacity (kg)	2000	2500	2000	2500
Fork height Hmin (mm)	205 (or 195)	205 (or 195)	205 (or 195)	205 (or 195)
Fork height Hmax (mm)	85 (or 75)	85 (or 75)	85 (or 75)	85 (or 75)
Fork width (mm)	168	168	168	168
Fork width (mm)	555/690	555/690	555/690	555/690
forklength (mm)	1150/1200	1150/1200	1150/1200	1150/1200
Wheel (PU) (mm)	75*68		75*68	
Back wheel (PU) (mm)	200*50		200*50	
Net weight (kg)	85/88	90/93	85/88	90/93

3. Hand Pallet Truck with Weighing Scale Feature And Application

The Hand Pallet Truck with Weighing Scale is mainly applied to the need for horizontal handling and place, production workshop, warehousing, station, terminal, airport, etc. Oil storage, chemical warehouse and other places. Users can choose the most suitable model based on different working conditions. The carrying capacity of Hand Pallet Truck with Weighing Scale is 1.0 ~ 5.0 tons, and the working channel width is generally 2.3 to 2.8 meters. The Hand Pallet Truck with Weighing Scale is Mainly used to handle all kinds of mechanical machines or other heavy objects, can be used with lifting tools such as jack, hand, and reduce labor intensity and improve efficiency.

4. Hand Pallet Truck with Weighing Scale Details

Hand Pallet Truck with Weighing Scale use high precision abrasive tubes, imported oil seals, integrated spools, convenient disassembly and repair. Feet, promotion speed circulation, greatly improve the security.

The width of the selection of the fork depends on the size of the daily tray, the general Hand Pallet Truck with Weighing Scale size is widened and narrow car, the wide car 685 * 1220mm, narrow car 550 * 1150mm.

The width of the selection of the fork depends on the size of the daily tray, the general Hand Pallet Truck with Weighing Scale size is widened and narrow car, the wide car 685 * 1220mm, narrow car 550 * 1150mm.

The Hand Pallet Truck with Weighing Scale is available in both KG and LBS to choose from, which can customize the plug style of the country's country.

5. Product Qualification

Shanghai Yiyong Crane Machinery Company is the hoist manufacturer Institute certified. This means we are one of the industry's leading suppliers of hoist equipment. We are reliable and deliver exceptional value.

Shanghai Yiyong Crane machinery Company supply 2T,2.5T,3T,5T Hand Pallet Truck with Weighing Scale . The Hand Pallet Truck with Weighing Scale is very popular in foreign markets, it is beautiful, powerful and durable.

6. Deliver,Shipping And Serving

Our Hand Pallet Truck with Weighing Scale use pallet packages, each Hand Pallet Truck with Weighing Scale is played, protecting the goods you purchased are not damaged during transportation. And we provide after-sales service, if your product parts are human and natural losses, we Will provide you with free parts.

7. FAQ

(1) What kind of pallet is suitable for?

The Hand Pallet Truck with Weighing Scale only for open pallets.

(2) What is the quality of the pump? Is there any oil leakage?

The forging integrated pump we use,it does not leak oil

(3) How about the fork load?

The Hand Pallet Truck with Weighing Scale has four back reinforcements, each 75cm, to ensure full capacity, 2T load-bearing 3T, and increase strength

(4) How about after-sales service?

The warranty period is one year, And responsible for product quality issues.
